Chart of Slyguff offshoot of Ballyrankin Kidds

constructed from information in Ch. 2 of Franklin Kidd typescript, and his chart of the Slyguff Kidds

Please note that the page size is about 18 by 18 inches; fitting it to letter size will make the text mostly unreadable; printing it in pieces will take a lot of ink and paper and will cut across lines and boxes. This is intended only for screen viewing, or printing on a large-format printer
